ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-In-Savings Disclosure are share accounts.

1. RATE INFORMATION — The annual percentage yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Share Savings, Community of Hope Savings, Health Care Savings, HSA IRA, IRA Traditional Accumulation, IRA Roth Accumulation, IRA Coverdell Accumulation, Moneymarket and Traditional IRA Moneymarket accounts, the dividend rate and annual percentage yield may change monthly as determined by the Credit Union's Board of Directors. For Christmas Club, Vacation Club, School Tax Club, County Tax Club, and Income Tax Club accounts, the dividend rate and annual percentage yield may change at any time as determined by the Credit Union's Board of Directors. The dividend rates and annual percentage yields are the rates and yields as of the last dividend declaration date that is set forth in the Rate Schedule. The Health Care Savings accounts are tiered rate accounts. If your average daily balance is from \$1,000.00 to \$10,000.00 the first dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply. If your average daily balance is from \$10,000.01 to \$50,000.00 the second dividend rate and annual percentage yield listed for this account will apply. If your average daily balance is from \$50,000.01 to \$75,000.00 the third dividend rate and annual percentage yield listed for this account will apply. If your average daily balance is from \$75,000.01 to \$125,000.00 the fourth dividend rate and annual percentage yield will apply. If your average daily balance is greater than \$125,000.00 the fifth dividend rate and annual percentage yield listed for this account will apply. Each dividend rate will apply only to that portion of the account within each balance range. The Moneymarket accounts are tiered rate accounts. If your average daily balance is from \$2,500.00 to \$10,000.00 the first dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply. If your average daily balance is from \$10,000.01 to \$50,000.00 the second dividend rate and annual percentage yield listed for this account will apply. If your average daily balance is from \$50,000.01 to \$75,000.00 the third dividend rate and annual percentage yield listed for this account will apply. If your average daily balance is from \$75,000.01 to \$125,000.00 the fourth dividend rate and annual percentage yield listed for this account will apply. If your average daily balance is greater than \$125,000.00

the fifth dividend rate and annual percentage yield listed for this account will apply. Each dividend rate will apply only to that portion of the account within each balance range. The Traditional IRA Moneymarket accounts are tiered rate accounts. If your average daily balance is from \$2,500.00 to \$9,999.99 the first dividend rate and annual percentage yield listed for this account in the Rate Schedule will apply. If your average daily balance is from \$10,000.00 to \$49,999.99 the second dividend rate and annual percentage yield listed for this account will apply. If your average daily balance is \$50,000.00 or greater, the third dividend rate and annual percentage yield listed for this account will apply. Once a particular range is met, the dividend rate and annual percentage yield for that balance range will apply to the full balance of your account.

2. NATURE OF DIVIDENDS — Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

3. DIVIDEND COMPOUNDING AND CREDITING — The compounding and crediting frequency of dividends and the dividend period applicable to each account are stated in the Rate Schedule. The dividend period is the period of time at the end of which an account earns dividend credit. The dividend period begins on the first calendar day of the period and ends on the last calendar day of the period. For Christmas Club accounts, the dividend period is annual (noncalendar). For example, the first dividend period begins on October 1 and ends on September 30. All other dividend periods follow this same pattern. For Vacation Club accounts, the dividend period is annual (noncalendar). For example, the first dividend period begins on July 1 and ends on June 30. All other dividend periods follow this same pattern. For School Tax Club accounts, the dividend period is annual (noncalendar). For example, the first dividend period begins on September 1 and ends on August 31. All other dividend periods follow this same pattern. For County Tax Club accounts, the dividend period is annual. For example, the first dividend period begins on January 1 and ends on December 31. All other dividend periods follow this same pattern. For Income Tax Club accounts, the dividend period is annual (noncalendar). For example, the first dividend period begins on April 1 and ends on March 31. All other dividend periods follow this same pattern.

4. ACCRUAL OF DIVIDENDS — For all earning accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the

deposit to your account. If you close your account before accrued dividends are credited, you will not receive the accrued dividends. However, for Christmas Club, Vacation Club, Community of Hope Savings, School Tax Club, County Tax Club, and Income Tax Club accounts, any accrued dividends will be paid if you close the account within seven (7) days of the date you open it.

5. BALANCE INFORMATION — To open any account, you must deposit or already have on deposit the minimum required share(s) in a Share 1 account. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Traditional IRA Moneymarket accounts, there is a minimum average daily balance required to avoid a service fee for the dividend period. If the minimum average daily balance requirement is not met, you will be charged a service fee as stated in the Fee Schedule. For HSA IRA, Moneymarket and Traditional IRA Moneymarket accounts, there is a minimum average daily balance required to earn the annual percentage yield disclosed for the dividend period. If the minimum average daily balance requirement is not met, you will not earn the annual percentage yield stated in the Rate Schedule. For accounts using the average daily balance method as stated in the Rate Schedule, dividends are calculated by applying a periodic rate to the average daily balance in the account for the dividend period. The average daily balance is calculated by adding the principal in the account for each day of the period and dividing that figure by the number of days in the period.

6. ACCOUNT LIMITATIONS — For IRA Roth Accumulation and Traditional IRA Moneymarket accounts, you may make no more than six (6) transfers and withdrawals from your account to another account of yours or to a third party in any month by means of a preauthorized, automatic, or Internet transfer, by telephonic order or instruction, or by check, draft, debit card or similar order. If you exceed these limitations, your account may be subject to a fee or be closed. For Christmas Club accounts, the entire balance will be transferred to your Share Savings account on or after October 1 and the account will remain open. For Traditional IRA Mbney Market accounts, withdrawals are allowed if the member is 59 1/2 years of age.
